

## **Cultural colors zoom meeting november 12 2020**

Present : Rianne, Petra, Kersti, Joanna, Mustafa and Betsy

Raquel was unable to attend.

In all the schools there are teachers and students active on the project .

Some schools posted an project activity on the twinspace as was decided on the last meeting.

Since some schools were partly or totally closed due to corona a lot was being done online

Everywhere students were working currently working on the logo,

We will choose one from each school and send this to Petra through her email before the 1st of december.

Some school made a facebook page, an instagram page and a blog, other schools have good intensions.

The questionnaire was filled in by some students and teachres, but many schools still have to do this.

We decided to ask for an extension/prolongation of the project because now we can only have an online exchange and we wait for better times and a physical mobilities.

We decided to let each school sing a decembersong for each other on december 17. The time of this activity will be set at the 9th of december.

**The next online meeting will be on the 9th of december at 19 through google meet**
